# Archipelago - RIB-tour

A roundtrip through the worlds northernmost inhabited archipelago

This tour is by boat, and takes you from Harstad via Sundsvoll strait to Bjarkøy. Learn about geography, nature and history in the area. We make a short stop in the Sundsvoll strait so that you can get to know the kittiwakes and eagles on bird rock. Good footwear suitable for the time of year is recommended. Your camera is an absolute must on this trip!

Comfortable and warm clothes to have under the suits, solid shoes, hat and mittens necessary

No of pax:	Min 8 - max 24
Season:	All year, weather permitting
Duration:	3 hours
