### Polar Park Arctic Wildlife Centre - The world's northernmost animal park

Polar Park is an animal park in Bardu municipality in the county of Troms. Since the opening in 1994 it has been true to its philosophy on exhibiting animals in their natural surroundings, which means that each species gets a lot of room to romp around. With 1100 dekar (1 dekar = 1000 square meters) in only 12 enclosures, the Polar Park is one of the animal parks in the world with the most area per animal.
