Hiking Mount Aun

Spectacular views just a short ride outside the city centre

We go by bus directly from the pier and make a 25 minute drive to Mount Aun. The tour starts from ca 300 m above sea level, and ends at peak Keipen, at 496 m. Ca 1,5 km one way. Return is by the same path. The trail is good with some rolling birch ground and a little marshy in the start. The view from the top is awarding in itself, but we also make a stop by one of the lakes to enjoy some freshly brewed coffe and a local snack.

Steady and water proof hiking boots are necessary, as well as clothes according to the weather.

No of pax: 8-80 pax
Season: Summer season
Duration: 3 hours
